

**Extend your case mgmt program. Empower your participants and staff**

## Your team can

Empower the participant using the app

Communicate with them in real-time

Send messages and affirmations

Track location and compliance with check-ins

Send documents & surveys

Send reminders

## Your participants can

Receive real-time alerts

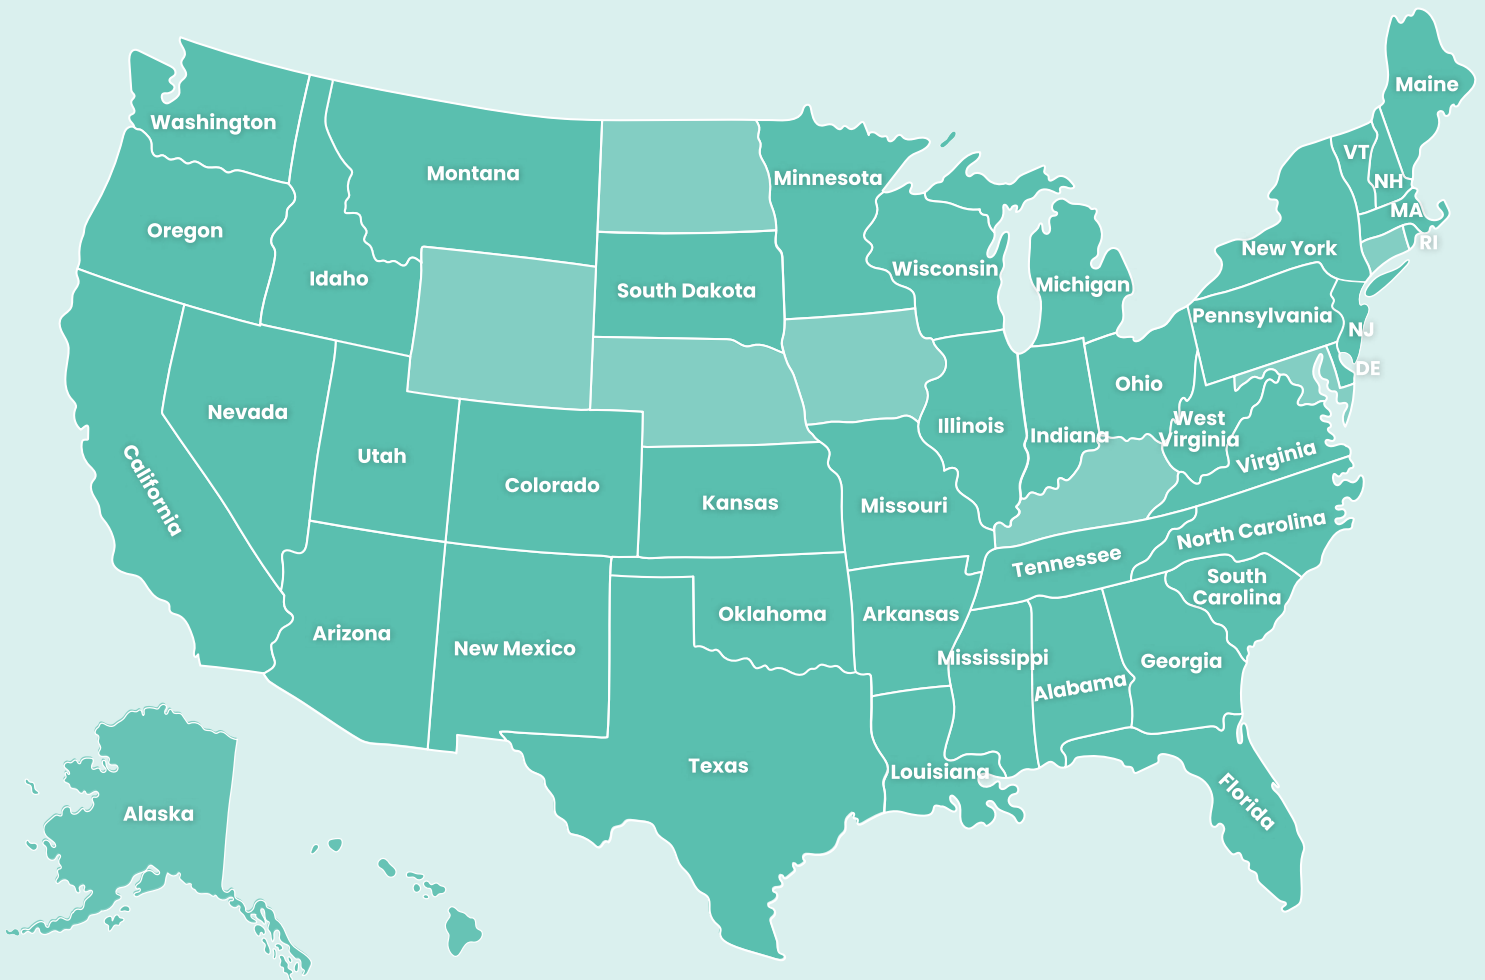

Manage their tasks and appointments

Stay motivated with access to the app

## How does it work

- 1 Your participants get an app
- 2 Your staff gets access to the DIMS case mgmt system.
- 3 Up and running in 30 minutes or less
- 4 Works alongside your existing case mgmt system
- 5 Integrates with most 3rd party software
